WORK ONLY WAY TO DROP PRICES

Public Declared Not to Show Desire to Economize or Invest

BUT LITTLE RELIEF

No Change in Underlying Conditions, According to the Federal Reserve Board in its Analysis.

Washington, May 31.—Despite recent reductions in price, little relief from the general reign of high prices is seen by the Federal Reserve Board in its analysis of May business conditions, made public last night. The board expressed the view that there has been no change in the underlying conditions responsible for the high cost of living.

Asserting that while "store sales" and a tendency to lower prices bear witness to the presence of disturbing factors," which suggest the advent of wide alteration in price levels, the board declares it cannot accept the situation as a whole for its face value. The explanation is added that there has been only a slight increase in production and there is no greater disposition on the part of the general public to economize and invest than had ruled heretofore.

"The changes that have taken place, therefore," the board's analysis says, "cannot be looked upon as indicating a modification of underlying conditions. They may, however, afford a basis for changes in business relationships that may broaden into more far-reaching alteration of the essential price structure."

LABOR WAGES CAMPAIGN

In 32 States Central Bodies Have Records of Legislators on Labor Issues

Washington, May 31. —Intensive State-wide campaigns are being waged in 32 States, including Maryland, by the American Federation of Labor, according to an announcement made here yesterday. In addition to this energetic local campaigns are under way in practically all of the remaining States.

There are Senatorial elections in 32 States where organized efforts are being made. The records of Senators in all of those States are in the hands of the central labor bodies, nonpartisan campaign committees and local unions. These records disclose the manner in which Senators voted on measures of interest to labor and are calculated to place before the voters the facts about those Senators who are seeking re-election.

In at least 15 States there are intensive campaigns under way in important Congressional districts, and the number will increase as the campaign advances.

MEN'S CLUB ORGANIZED

A Men's Catholic Club was organized at the Lyceum Hall yesterday. A permanent organization was effected with the election of M. J. McFarland president and F. T. Quinn secretary.

It is the purpose of the club to take over the Lyceum and arrange for a series of activities at that hall.

The chairman named a committee of ten to draft a constitution and by-laws for the club and they will meet next Thursday night at 8 o'clock after which a campaign for membership will be started.

FIFTY DEAD IN FLOOD

River, Swollen by Cloudburst, Engulfs Homes on Louth.

Louth, Lincolnshire, England, May 31,—Twenty deaths have resulted here so far from the sudden overflow of the small river Lud, running through this town, which is attributed to a cloudburst in the woods on Saturday night.

The water spread so rapidly that houses in the low-lying part of the town were immediately engulfed in a rush which carried away bridges, fences, trees and other obstacles.

Last night the flood victims were estimated at 50. One terrace containing fifteen houses was entirely swept away, there being only one survivor.

CRASH KILLS FOUR

20 Bystanders Burned by Explosion of Tank as Machine Plunges Into Ground

Mexico City, May 31.—Four persons were killed and more than a score were seriously injured here Saturday when a large military biplane crashed to the ground and its gasoline tank exploded.

The four persons killed were passengers in the plane and its fifth occupant also received probably fatal injuries.

The exploding gasoline tank spread a wave of fire over a crowd of bystanders of both sexes, and more than twenty of them were removed to hospitals.

Of the four men killed two were Frenchmen, one an Italian and one a Mexican.

A breakdown of the plane's motors is believed to have caused the crash. Before the plane fell, the pilot steered it close above the national palace and his companions waved handkerchiefs as signals of distress.

ENGLAND'S PREPARATION

Tanks and Heavy Artillery Ready in Dublin for New Outbreak

Dublin, May 31.—Ireland was virtually an armed camp yesterday.

British troops and local constabulary were stationed in force throughout Dublin, while at other points where trouble has occurred recently armed volunteers guarded against possible disorders. Motor lorries, tanks and heavy artillery were in position about Dublin. A solid cordon of troops protected the outskirts of the city.

While no outrages were reported yesterday, British authorities feared a repetition of the outburst at Louth, where a band of twenty armed men "captured" the town and held it for several hours against British soldiery. The rebels set fire to the police station, courthouse and other public buildings.

Rebuilding Begun

Mt. Vernon Garage Destroyed by Fire December 4, Ready Next August

Work of rebuilding the Mount Vernon Gararge on the east side of St. Asaph street, between King and Cameron streets, is now in progress. The garage is being built by Contractor Hugo Herfurth, Jr., for Messrs. Philip E. Boyd and William E. Moore.

The new structure will be fireproof and will have all steel frames It will be two stories in height and have accomodation for about 150 cars. It is expected that it will be completed and ready for occupancy August 15.

This company's garage was destroyed by fire December 4, 1919. Nothing remained but the walls and the work of razing the walls was completed by the contractor last week.

MAJ. SHOULTS BURIED AT ARLINGTON SATURDAY

The body of Maj. Edward Shoults, of this city, who died in London in June 1, 1918, was buried at 3.30 o'clock Saturday afternoon in Arlington National Cemetery. he services were conducted by Rev. Dr. E. V. Regester, pastor of the M. E. Church South. Maj. Shoults was connected with the ordnance department and well known here where he made his home for many years.

DRYS ARE ALARMED AT PARTIES' TREND

Moves Made to Scare Leaders Into Rigid Platform Planks

BRYAN AND EDWARDS

Anti-Saloonerr Grieve Over Liklihood of Election of "Nullification Congress."

Washington, May 31.—Prospects for the next Congress showing a "safe and sane" sentiment toward prohibition are admitted by "drys."

William H. Anderson, State superintendent of the New York Anti-Saloon League, in a letter to the Republican National Executive Committee commenting upon the fact that a no-beer plank will be adopted by the Republican convention and that there will be no declaration on the question of enforcement, maintains that such passive attitude is intended to give to the liquor interest "probably all they expected in the way of an open field to elect a nullification Congress."

In the Democratic convention a lively time is impending when Governor Edwards and William Jennings Bryan come to grips on the liquor question. Bryan will come to Washington this week and is expected to lay down the law against the slightest concession to the "wets" in drafting the Democratic platform. He is preparing to annihilate Edwards, and will confer with Anti-saloon League officials on plans for defeating the New Jersey Governor.

Democrats are exceedingly anxious to keep the prohibition fight off the floor at San Francisco, but many believe they will stand a much better chance in November if the party goes on record on the question of "personal liberty," as the prohibition question has now been deftly phrased.

The cause of the "wets" has the full support of the American Federation of Labor in its "non-partisan political campaign," Samuel Gompers' stand for beer and light wines obliterates doubt as to how "friends of labor," whom it is planned to elect to the next Congress, would act on the repeal of the Volstead Enforcement act or on new legislation to permit a freer interpretation of what constitutes an intoxicating beverage.

Class Initiation

Modern Woodmen to Stage Affair at Y. P. B., Tomorrow Night

Members of Washington Camp of Modern Woodmen of America will pay a visit to Alexandria Camp tomorrow night. The visitors will come on a special train and initiate a large class of candidates in the Young Peoples' Building. It is expected that there will be 100 members from Washington in attendance. At the conclusion of the initiation services there will be speaking and a buffet luncheon will be served.

Members of the local camp will meet teh visitors at King and Payne streets and they will march down King street to the Young Peoples' Building. The Washingtonians will be accompanied by their orchestra.

Among those scheduled to make addresses are: James A. Doubles, Richmond, district deputy! W. J. Dixon, state lecturer. Richmond, and also a number of speakers from Washington.

Army Man on Red Cross Staff

Lieut. Col. Jason Joy, since November, 1919, Chief of Recreation in army camps in the United States, has been appointed assistant to the chairman of the American Red Cross Col. Joy comes to the Red Cross after nearly three years of army service. He was commissioned captain in the Field Artillery and stationed at Camp Upton, New York. He later was assigned to Washington on the staff of General Rees. Before his enlistment in the army, he was in business at Malone New York.

News of Potomac

Mr. Henry Powell of Windsor avenue, is visiting his brother Mr. B. Powell, of Danville, Va.

Mr. and Mrs. H. D. Burke, of St. Elmo, are receiving congratulations over the arrival of a 10 lb. baby girl, born Saturday.

Miss Ruth Manson formerly of Braddock Heights now living in Washington is spending the week end with Miss Virginia Smith on Peyton avenue.

Mr. Albert Walters, of Newport News, Va., spent the day in Del Ray, Sunday.

Miss Ruth Carmen of Peyton avenue spent the week end with Mr. and Mrs. C. W. Tyler on the government farm at Berch Spring, Va.

Mrs. Charles W. Levinson went to Baltimore yesterday to attend the marriage of her brother Mr. Earnest Hollaway.

A quiet but pretty wedding took place Saturday afternoon at 4 o'clock at the home of Rev. E. B. Jackson, pastor of the First Baptist Church Alexandria, when Miss Alma T. Brooks became the bride of Mr. Aubrey V. Brown, both of Del Ray. The bride wore a gown of blue silk with hat to match and a corsage of white roses. Only relatives of the bride witnessed the ceremony. Mr. and Mrs. Brown took the evening boat for Norfolk. On their return they will make their home in Del Ray.

BOY, 9, HARD TO LOSE

James Mulvey, Separated From Parents, Walks to Alexandria

Becoming separated from his parents near the Corcoran Art Gallery yesterday, little Jas. Mulvey, 9 years old, started for Alexandria, where the family is visiting, and walked the entire distance, arriving home last night.

The party was in town to view points of interest, the police say. When the art gallery was visited, James wandered off. He was not missed for some time. His parents notified Lieut. Sanford at the First precinct station, and police were notified to watch for the boy. In the meantime, James had negotiated the distance to his Alexandria residence on foot.

Narrow Escape

C. C. Carlin's Car Runs Into Barricade Saturday Night

Former Representative Charles C. Carlin of this city, had a narrow escape from injury shortly after 11 o'clock Saturday night when his car ran into a barricade over the Potomac freight yards, a short distance north of this city. Two barricades has been placed across the bridge within a short distance of each other. The timbers were heavy and evidently had been removed from the bridge it is believed.

The machine was driven by Mr. Carlin's chauffeur and it struck the first barricade. Mr. Carlin and his driver were nearly thrown from their seats as a result of the impact Apart from a shaking up, however, they escaped injury.

Efforts to locate the party or parties responsible for barricading the bridge proved futile, although a search was made by the police.

This is the second attempt with in the past forty-eight hours to barricade roads in Alexandria county.

INITIATION FATAL

Ether Rubbed on Student Ignites During Fraternity Ceremonies

Baton Rogue, La., May 31.—Alfonso Quinonez, a special student from San Salvador in the sugar school of the Louisiana State University, died last night of injuries received when he was burned with ether, according to members, at initiation ceremonies of the Alpha Chi Sigma fraternity.

According to a signed statement given out by J. D. Bond, for the fraternity.

The ceremony consists of rubbing a portion of the skin with ether. During this act the fumes became ignited and the can containing the ether was upset, the contents falling on Quinonez, who was enveloped in flames.

MEMORIAL DAY GENERALLY OBSERVED

Business Suspended and Tributes Paid Dead

MANY GO PICNICING

Exercises at 4 p. m., Today at National Cemetery—Elks Decorate Graves of Fifty-Four of Its Members

Memorial Day is being observed here by a general suspension of business. Most of the retail stores of the city remained open until noon. The public schools had a continuous session, being dimissed for the day at the noon hour.

Hundreds left the city on picnics and excursions and many also made motor trips to nearby resorts where they will spend the day.

The only public exercises here will be the annual memorial services in the National Cemetery which will be held at 4 o'clock this afternoon The annual memorial address will be delivered by Representative Ambrose Burnside Stephens, Cincinnati. It is expected that a large crowd will attend these exercises.

The exercises at Arlington this morning attracted many as also will the exercises in the amphitheater at that place at 2 o'clock this afternoon.

Hundreds of persons yesterday and today visited the cemeteries in and near the city and placed floral offerings on the graves of relatives and friends.

Practically all manufacturing industries were closed today and the holiday perhaps was more generally observed than heretofore.

Alexandria Lodge No. 758, Benevolent and Protective Order of Elks, yesterday decorated the graves of 54 of its members in the various cemeteris here and outside the city. The committee in charge was composed of Herman Friedlander, Fred Graevenstein. D. G. McWhorter, G. E. Schwarzmann, assisted by Robert L. Mayers and William Chauncey.

APPEAL FOR AMBULANCE

Alexandria Hospital Seeks $2500 for its Purchase

The hope of a promised gift of an ambulance for the hospital having proved a mythe, the Board of Lady Managers in response to the crying necessity for ambulance, the getting of which cannot longer be delayed, have determined to come to the friends of the hospital and appeal to them to respond to this call. The members of the board have arranged to go to work—this week beginning Tuesday, June 1st, to solicit contributions and will close their efforts on Saturday, June 5th, with a tag day. The amount sought will be $2500, needed to purchase as designed, an ambulance up to date, with every convenience for the comfort of the sick. As we are limited in time for this canvass to raise this required amount, we plead to you—to respond at once. We cannot give the order for the ambulance until the $2500 is in sight, for if we could order it at end of this week, it cannot be furnished in less than four or five weeks.

A lady has offered to be one of ten to give $100 (one hundred dollars), will not some friends who can afford to do so, meet this offer. All contributions not given personally to members of the board, send to Miss Carter, superintendent of the hospital, or to Arthur Herbert, treasurer, marked for ambulance, and all contributions will be acknowledged in the Alexandria Gazette.

Mrs. L. Wilber Reid, President.

JUDGE BRENT TO PRESIDE IN FAUQUIER COURT

Judge S. G. Brent, of the circuit court for this city, has been designated by Gov. Westmoreland Davis to hold court in Warrenton next Friday to hear the cases of G. Harris Field and others against the board of supervisors of Fauquier county and also the case of R. S. Cochran against the board of supervisors of the same county.

BRINGING DOWN RATES

Sweeping Reductions in Prices by Chain of Food Stores

New York, May 29.—A chain of food stores in Brooklyn and on Long Island announced yesterday a sweeping reduction in prices would be made tomorrow.

This announcement followed a conference between company officials, H. A. W. Riley, special assistant to Attorney General Palmer, and Federal District Attorney Ross, of Brooklyn. It was said other food stores might follow suit.

According to the announcement, fresh eggs will be sold at 49 cents a dozen, best coffee at 37 cents a pound, best butter at 59 cents a pound and white granulated sugar at 20 cents a pound.

Anderson, Ind., May 29.—Several thousand persons impeded traffic for blocks here yesterday in an effort to purchase sugar advertised at 17 1-2 cents a pound by a local merchant. The rush started early in the morning and indications were it would last until all the sugar had been sold. Sugar has been bringing around 30 cents a pound.

Fort Worth, Tex., May 31.—Lumber prices have dropped from $5 to $15 per thousand feet here in the last few days, according to local dealers. They say, however, that the decrease has not been sufficient to affect the price of building.

Minneapolis, Minn., May 29.—A higher wheat market the past two days was reflected in an advance of 25 cents a barrel for flour at one of the mills here yesterday. Family patents in carload lots in 98-pound cotton sacks were quoted at $14.85 a barrel at this place. Another large mill which has been selling this grade of flour at a slightly higher price kept their quotation unchanged yesterday.

FIGHT AGAINST SUFFRAGE

Raleigh, N. C., May 31.—The battle against ratification of the Federal woman suffrage amendment by the North Carolina Legislature, which meets in special session in July, began here yesterday with a meeting under the auspices of the Southern Women's Rejection League, held by permission of Governor Bickett in the State Senate Chamber.

"What shall it profit a woman if she gain the ballot and her State lose its severeignty?" asked Mrs. Walter Lamar, of Georgia, one of the speakers. Other speakers included Mrs. W. P. E. Wyse, of Pikeville, Mr., sister of United States Senator Beckham, of Kentucky; Mrs. Rufus M. Gibbs, of Baltimore Md., and Miss Carolina Davis, of Richmond, Va.

The speakers emphasized the fact that they were not here to interfere with another State's business, but were interested that North Carolina not force upon the States of Virginia, Georgia and Maryland what the people of those States already have gone on record against.

AVOID LIQUOR ISSUE

Chicago, May 31.—Beer, light wines and prohibition will not be mentioned in the Republican national convention, if present plans of party leaders are carried out, it was learned yesterday.

Directors of the party's policies have decided that the question has been settled, and neither a "wet" nor a "dry" plank, nor indorsement of any modification of the present "bone dry" rule, will be incorporated in the platform, according to Samuel A. Perkins, national committeeman from Washington.

One member of the national committee, who is here, said today that the committeemen believed the "wets" to be in the minority, and that the country as a whole wanted prohibition.

LEFT TO DIE IN FLAMES

Dublin, May 31.—The police barracks at Kilmalloch, 19 miles south of Limerick, were destroyed by fire Thursday night after an attack by armed men. It is reported two policemen were burned to death and one civilian wounded.

An official report of the incident says it lasted for more than five hours when the attacking party withdrew, leaving the barracks in flames.

It is unofficially reported that one of the raiders was killed.

INTERESTING T. P. A. SERVICE

The annual religious services of the T. P. A., Post F., of this city, held in the Second Presbyterian Church last evening, were very interesting and impressive.

The choir rendered a special musical program as follows: Quartet by Mrs. Ruth Field, Miss Martha Lee Allison and Messrs. Wilmer Scott and Grow, solo, Miss Lucy Graves, "Hear us O Father," and anthem by full chir.

The pastor and chaplain of Post F. Rev. Dr. John Lee Allison preached an instructive sermon taking as his text. Matt. 6:10—"Thy Kingdom Come." His theme was, "Man and His Relation to the Kingkingdom of God, or the reign of righteousness on earth." While our Lord came to bring spiritual redemption to the world, he was no Utopian dreamer, but had a great social ideal and this was the kingdom of God, or the reign of righteousness on earth. This will involve the christianizing of our social and industrial order, when men every where shall do justly, love mercy and walk humbly with their God. Man should recognize divine ownership and human stewardship and thus consecrate his life, and all his business to righteousness The platform, or principles of this kingdom of God is found in Christ's sermon on the Mount.

They are viable and victorious virtues.

The speaker said, "in these days the pendulum has swung far away from justice, mercy and truth, but the pendulum will swing back to sanity, fraternity and love again, when men will take to heart the teachings of our Lord. The only agency to bring about a stable and just social order is the application of religious truth to the lives and conduct of men. This kingdom of God is spiritual in its nature and eternal in its duration. Its conquest means conflict, until every citadel is taken, and righteousness shall dwell on the earth."

MEMORIAL DAY

Institu to commemorate the dead in war whose surviors yearly grow wer and fewer, Memorial Day mig have come in time to have more than a formal significance. o new generation can enter into the feelings of the old. B the great World War into which merica was drawn has done what a brief war with Spain could not do it has given to the celebration of yesterday and today that poignant personal touch which brings it close to the common heart. Everyney who count no intimate losses of their own are moved to sympathy by the tokens of a fresh and living grief.

Tr as we may of the cynics of war and they are many and vocal—the fact remains that this survival of youth on a battlefield still awes has some purifying compulsion. "Spirits are not finely touched but to fine issues." The dead in battle consecrate the ultimate life as none else can. The simple and primitive emotions persist in the face of all the refinements of civilization. As a contemporary suggests, the parting of Hector and Andromache stirs as quick a response in us as it did in the Greeks who first read the tale. That a man should fight for all that is dearest to him is a fundamental law of his nature.

Thus to the honorable line of those who died to save the nation is added that of those who went forth over seas to join in a common conflict for the righteous governance of the world. It is this which has so distinctively renewed the commemorative impulse of the occasion. As far away as France and England our dead have due honor paid to them. For they have bound us to those with whom they were companions in the struggle in a fashion that cannot fail to promote that which more than all else softens the horrors and dissipates the tragedy which left so many homes desolate.

FOOD DANGERS AHEAD

In Washington some people have been suggesting that, in order to reduce the cost of foodstuffs, an embargo be placed on exportation of grain and meats. Do these people not realize that the moment the price of farm products is driven down below the cost of production the farmer will steadily decrease his cultivated acreage and hasten the day when a food famine, greater than the public has any conception of, will be upon us?

It is absolutely certain that this year's food products will be very short. The winter wheat crop is 33 per cent short of last year's yield and the rye crop shows, by present indications, about the same decline. Other crops will be short, for the labor is not available for the cultivation of as much land as was formerly given over to food products.

We have ignored the farmer's needs. We have yielded to the demands of industrial workers for an eight-hour day and given them steadily advancing wages, and we have told the farm laborer that by quitting his job and coming to the city he can cut his hours of labor in half and at least double the amount of wages received.

Does anybody suppose that the farm laborer under these circumstances is going to stay on the farm?

Can anyone imagine that the farmer boy will continue to work with the drudgery of farm life from daybreak to dark when, by leaving the farm, he can get twice as much pay for half the hours of work, and then have all the allurements of city life, which appeal so mightily to the young?

And then, when one talks about an embargo on shipments of foodstuffs, does he realize that the farmer will have something to say on that subject and will demand his rights so that no embargo shall be placed on his product unless an embargo also be placed on cotton and iron and steel and lumber and everything that we are now exporting? What is sauce for the goose will be equally as good for the gander.

He who talks about an embargo on the shipment of farm products in order to reduce the cost of foodstuffs for the American people is only arguing in favor of a famine of food which would stagger the nation. Let us face the facts squarely and honestly.

For many years, due to the trend of the population from the farm to the city, there has been no evidence of decline in the per capita production of food, and the end is not yet in sight. We are facing a very dangerous food situation, and the best brains of the nation should be concentrated upon the development of agriculture that it may be made as prosperous as merchandising and manufacturing in the city, so that the farm laborer may get as high wages as city laborer, relative to the cost of living, or otherwise we soon will reach a point when we shall have to search the world for food to add to our scanty production. And yet we have a soil which in extent and fertility ought to be able to feed five times our present population, but it will not feed our existing population unless the country soon comes to a realization of the whole situation and ceases to fight a profitable price for the farmer, and on the contrary does all in its power to make farming profitable, to lessen the burden of farm life, to add to the comforts of the farm, and in that way help to turn the tide back from the city to the country. Isitbat is our only safety.—Manufacturers Record.

RHYTHMIC RHYMES OF 25

June or December
Both, we can remember,
In the halls of fame we stand.
An Algebra in either hand.
From there we meet Mr. Hyde
On Treasure Island we take a ride
We are the Argonauts at last
The "Ark" floats—that is past!
To school days there we go
To learn just what makes it snow
Then by cyclones we are blown
To many places yet unknown.
Then we occupy our minds
Building houses or fixing blinds.
Hark! at last that joyful sound
When luncheon time comes around.
After lunch we then appear
At that door which we most fear
We study Latin till we're sick
And our heads feel like a brick.
Then we learn of ancient men
How they lived, where and when.
We even go as far as Rome
The bell rings! we are home.
Then we must think of tomorrow
Oh! that moment struggle to borrow
But at last our hearts beat high
The bell rings. And then we fly.

CHANDLER SIX
Famous For Its Marvelous Motor

The Chandler Gives You the Service You Demand

THOUGHTFUL men, in selecting an automobile, find in the history of the Chandler Six a source of real confidence.

The Chandler motor of today is the development of the Chandler motor of seven years ago, embracing refinements and improvements which have been the natural development of these years of service in the hands of thousands of owners, and the constant application of the engineering skill and the sincerity of its builders.

Motors of each type and another have been heralded and retired within these years. But the Chandler motor, its true superiority proven in service on every roadway in America and in many nations abroad, has lived and gone forward into a place of distinction.

Men who have owned and driven many cars, men from coast to coast, will tell you the Chandler is the leader of all sixes. Over the long mountain roads or on the trails of the desert or in crowded city traffic everywhere the Chandler will give you the service you demand. Its power, its flexibility, and its sturdy endurance are not surpassed.

The Supreme Pleasure of Music

The ideal instrument of music for the home is the Pathe Phonograph; with its limitless capacity for music it is a supreme source of pleasure. It is everything that you ever reckoned a good phonograph ought to be.

It can justify itself in furniture alone—artistic in design, structurally substantial, exquisitely finished. And in music—in tonal quality—supreme—without doubt the finest instrument of its kind made today.

When selecting a phonograph insist on hearing a Pathe—a complete phonograph—the one that plays all makes of records and plays them perfectly—the genuine PATHE.

SAFETY FIRST WALAYS!

Whether Walking or Driving

Cooperate With Others. They Have an Equal Right With You. Respect that Right as you Expect Them to Respect Yours

Owners and Operators of Automobiles

Respect the rights of others. Remember that pedertrians have as much right as you. Always exercise care in passing crossings and street cars.

Users of the Sidewalks

REMEMBER

Pedestrians should give equal rights to others.

Stop, Look and Think "Safety" before you cross a congested street, or pass behind a street car, autobile or wagon. Always see what is on the other side of theobject that you are passing.

Cross Streets always on the crosswalks. Go slow, look for an opening in the passing wagons and autos, then go quickly.

Don't start to go across the road until you know that it is safe, then keep going. Don't turn back.

Never rush across the road ahead of a car, auto or wagon. Take time, for perhaps an auto or wagon may be coming on the other side.

Look out for speeders and joy-riders. The fact that they may be violating the law will not make an injury any easier to bear.

Look both ways when crossing street. 'Tis the only safe way.

Being Sure Means Safety

Users of the Roadways

REMEMBER

Operators of trucks and motor cars should use great care in driving. especially so in congested districts and in the vicinity of schools.

Don't crowd pedestrians into a place of danger, with your motor car, truck or other vehicle.

Driving in street car tracks is dangerous and should be avoided.

Look out for Street Cars when crossing the tracks.

When you drive behind a street car, always look out for the other car as well as for any other vehicle.

When passing a street car, never do so by going on the left of it.

Before crossing railroad tracks use caution and know for a certainty that the way is clear.

Never pass a street car when passengers are being taken on or off.

All Users of the Streets---REMEMBER

The aged and the child. Give all concession to them that you can. Proceed in every way to make their passage as safe as possible. Keep in mind that you were a child once and that you will probably reach an advanced age yourself.

Face Forward, Please

Passengers Alighting from Street Cars should never do so backward. Face the way the car is going for Safety.

Nail Down the Nails

Don't Leave Exposed Nails lying around in boards boxes. Last year 3,462 persons were injured in this manner in Massachusetts alone.

LOOK
Out for all
Danger Signals
and give due heed to them, that your progress may be made safer. Too much caution can't be used.

NEVER
Walk around
Lowered Gates
and do not crawl under them either. When the way is clear the crossing tender will raise them.

THINK
Along lines of
SAFETY
and caution, and you can go safely and without fear of personal injury overtaking you.

Under present conditions our receipts of domestic coal are limited and prices are constantly changing.

We will be glad to enter orders; deliver the coal as promptly as we can secure it, and bill it to our customers on the basis of cost to us plus our usual gross margin, and this will have to be our policy at this time as everything indicates great uncertainty in the coal trade.

Our customers can be assured that we will do everything possible to keep the price as low as we are able to, consistent with quality, weight and service, and we shall be glad to have you entrust the business to us on this basis.

This also applies to any orders we already have from our trade.

NOTICE

At a meeting of the City Council of Alexandria to be held in the Market Building at eight o'clock p. m. on Tuesday, June eighth, 1920, an amendment to that section of an ordinance empowering and instructing the Mayor of the City of Alexandria to execute a contract on behalf of the City Council of Alexandria with Edward E. Mandeville, his successors or assigns, in reference to the furnishing in this city of light, heat and power, by electricity, approved July 25, 1906, and which now reads:

"The said contract shall further provide that the said Edward E. Mandeville his successors or assigns, in consideration of the award to him or them of the electric lighting franchise, and in further consideration of the agreement as above set forth, shall furnish electric current for light heat and power to all consumers in the City of Alexandria, who will pay for the same monthly at a price not to exceed twelve (12c) cents net per kilowatt for the first kilowatt and seven (7c) cents net per kilowatt for each succeeding kilowatt."

will be considered by the said City Council, and the following ordinance looking to the amendment of said section of said ordinance, will be presented to the said City Council at that time and place for its consideration and if approved will then be adopted, by which amendment the rates now charged as above provided for will be changed as shown in the proposed amendment as set out below:

An ordinance to amend an ordinance entitled an ordinance empowering and instructing the Mayor of the City of Alexandria to execute a contract on behalf of the City Council of Alexandria with Edward E. Mandeville, his successors or assigns, in reference to the furnishing in this city of light, heat and power, by electricity, which was approved July 25, 1906.

Be it ordained by the City Council of Alexandria, Virginia:

Section 1—That paragraph 4 of an ordinance entitled an ordinance empowering and instructing the Mayor of the City of Alexandria to execute a contract on behalf of the City Council of Alexandria with Edward E. Mandeville, his successors or assigns, in reference to the furnishing in this City of light, heat and power, by electricity, approved July 25, 1906, and reading as follows:

"The said contract shall further provide that the said Edward E. Mandeville, his successors or assigns, in consideration of the award to him or them of the electric lighting franchise, and in further consideration of the agreement as above set forth, shall furnish electric current for light heat and power to all consumers in the City of Alexandria, who will pay for the same monthly, at a price not to exceed twelve (12c) cents net per kilowatt for the first kilowatt and seven (7c) cents net per kilowatt for each succeeding kilowatt."

be amended and re-enacted so as to read as follows:

"The said contract, by and with the consent of the City Council of Alexandria, Virginia, and the Alexandria County Lighting Company, the successor of the said Edward E. Mandeville, shall be modified and reformed so as to provide that the rate for residential and commercial users in the City of Alexandria for electricity furnished by the Alexandria County Lighting Company shall be as follows:

First 5 kilowatt hours consumed per month $1.00 (which shall be the minimum monthly bill).

Next 300 kilowatt hours used per month 8c per K. W. H.

Next 500 kilowatt hours used per month 7c per K. W. H.

Next 800 kilowatt hours used per month 6c per K. W. H.

All in excess of 1605 K. W. H. per month 5c per K. W. H.

On all bills paid within ten days of date of bill a cash discount shall be allowed of 5 per cent on the first $25 of the monthly bill, and 1 per cent on the balance.

"If, at any time after the passage of this ordinance either party is dissatisfied with the rate as above fixed, and the said City Council and the said Alexandria County Lighting Company its successors or assigns, cannot forth with agree upon some other mutually satisfactorily rate, the party dissatisfied may, upon ninety (90) days notice in writing to the other party, call for an arbitration, whereupon said rate shall be determined by arbitrators, one to be appointed by the City Council of Alexandria, one by the said Alexandria County Lighting Company its successors or assigns, and the third (in case of a disagreement by said arbitrators) by the two so appointed; or in the event of the two being unable within twenty (20) days after the date of the appointment of whichever of the two was last appointed, to agree upon a rate, or failing that to agree upon a third arbitrator the third arbitrator shall be appointed by the then Judge of Corporation Court of the City of Alexandria, Virginia, and the determination as to rate of a majority of the three so chosen, shall be binding upon the parties hereto their successors or assigns, for a term of six months from the date of such determination. Any expense incurred for the compensation of such arbitrators shall be borne by the said City Council of Alexandria and the said Alexandria County Lighting Company, its successors or assigns, equally.

The Mayor of the City of Alexandria is hereby authorized and instructed to enter into a contract with the Alexandria County Lighting Company its successors or assigns in order to put into effect the provisions of this ordinance.

This ordinance shall be in force from its passage.

MAN MURDERS WOMAN

Slayer Said to Have Been Infatuated With Victim, Who Had Him Arrested Recently

Baltimore, May 31.—Mrs. Mary Damchook, 25 years old, of Turner Station, was shot and killed in the presence of three year old daughter, near the station by John Panyekowski, a former boarder and a resident of the neighborhood.

Panyekowski was pursued by the police and armed men into the woods back of his boarding house, through which he ran, when Panyekowski saw Patrolmen Foshnkolb approaching, pistol in hand, he put the barrel of his own pistol in his mouth and fired. Panekowski is at St. Joseph's Hospital. His condition is said to be critical.

According to neighbors, there had been an enmity between the husband, John Damchook, and Panyekowski, over money matters. It is also said that Panyekowshki was infatuated with Mrs. Damchook. The trouble was brought to light 10 days ago, when Mrs. Damchook had Panyekowski arrested for striking her. He was fined by Magistrate Le Brun and told to keep away from Mrs. Damchook. Since then, it is said, he had been threatening to kill her. Panyekowski left the Damchook home about a year ago after a dispute over money.

JAPANESE BANK SUSPENDS

M. Mogi, President of Suspended Institution, is Also Principal Stockholder in Seventy-Fourth

Tokio, May 31.—The suspension of the seventy-fourth bank of Yokohama, founded by Count Mogi was the principal shareholder, was followed by the suspension of the Yokohama Specie Bank of which M. Mogi is president.

The seventy-fourth bank was heavily interested in transactions in silk, cotton yarn and cotton cloth. The recent slump in raw silk caused heavy demands upon the bank by silk speculators, who were dependent upon the bank for support and who had been obliged to pay additional margins.

The Bank of Japan which had advanced twenty million yen to the seventy-fourth bank, ceased to advance funds to the institution, believing that the time for an adjustment had arrived. The directors, it is said, expect to settle by offering their personal property and secured the asistance of other institutions.

REJECT WILSON'S PLAN

Request for Authority to Assume Mandate Over Armenia Refused

The request of President Wilson for authority from Congress to assume the mandate over Armenia was incontinently rejected yesterday by the Foreign Relations Committee of the Senate.

The committee "respectfully declined" to confer with the President the necessary authority to carry out his purposes. The committee's resolution, drafted by Senator Brandegee and adopted by the vote of 11 to 4, was brief and to the point.

The promptness with which the committee acted on the matter reflects the overwhelming sentiment in both houses of Congress opposed to any action by the United States in the direction of becoming a guarantor for the peace of foreign countries. Thus, although the request has been in the hands of the committee less than three days, it has been effectively disposed of.

Senator Lodge announced after reporting the resolution to the Senate that he would call up the resolution for action just as soon as the measures now pending in the Senate are out of the way. There is no question that the Senate will adopt the resolution. This will end the matter necessitating any action by the House.

On the question of adopting the resolution all the Republican members and Senator Shields, Democrat, voted for it.

Kidney Trouble Causes Backache

Backache, lame and sore muscles and rheumatic pains are often symptoms of deranged kidneys. "I had weak bladder, bad kidneys and liver," writes Willie Carter, Luzar, Pa. "I could not sleep well and my back pained me awful. I had a dizzy feeling in the morning. Since taking Foley Kidney Pills, I have been relieved of all such ailments." They rid the system of the poisonous acids that cause aches and pains.

STRIKER FIGHT GUARD

Three Men Slain and Many Injured During Fighting at Rubber Plant

Akron, O., May 31.—Governor Buckmann has today ordered out three troops of militia to quell riots here between striking operatives of the National India Rubber Company and Baton detectives, during which three persons were shot and more than a score injured.

The governor's proclamation declared the town is in a state of insurrection.

More than 4,500 strikers participated in the riot.

The trouble started over the arrival of women clerks and mechanics who reported for work as usual. One woman attacked a girl and a free for all fight followed. A large number of windows in the plant were broken by stones and sticks hurled by the strikers.

BRUTAL MURDER

Wealthy Italian Found With Body Hacked In Pieces With Knife

Pittsburgh, May 31.—With a dagger buried to the hilt in his throat and thirty deep knife wounds in his body, Samuel Battaglia, a wealthy Italian merchant was found in the rear of his North Side place of business yesterday.

His friends declare he was the victim of the Black Hand and that the condition of his body, which was literally hacked to pieces, proves their contention.

Battaglia had several times been threatened by the Camorra. He is said to have earned the enmity of this society in his native land before coming to America.

Pennsylvania's first gas well was drilled in 1859.

FOR SKIN TORTURES

Zemo, the Clean, Antiseptic Liquid, Just What You Need, Is Not Greasy

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo. Obtained at any drug store for 35c, or extra large bottle for $1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

THE WAY TO GET OVER

the high cost of new shoes is to make your old shoes wear longer and look better while you're wearing them. Our shoe repairing is the open door to shoe economy and service. No sensible person any longer objects to wearing repaired shoes. We've made a science out of it. When we repair shoes, they look and wear like new ones.
